

THE PROBLEM

Our nation is in the midst of an **Addiction Crisis**. Yet, this has created a unique opportunity for us to serve our community as Jesus would. Through your giving we will fund:

- Life Recovery Bibles
- 365 Day Devotional Journals
- Bible Promise Books
- Recovery Coach Training & Services

MISSION STATEMENT

Help those struggling with addiction or life-controlling problems find compassion, hope, healing, and life-long recovery through a collaborative effort that includes a Biblical faith-based approach.

THE SOLUTION

EDUCATE, EQUIP, & ENGAGE those willing to work together helping people & families heal from addiction & life-controlling problems.

We offer prayer, encouragement, small groups, seminars, & recovery life coaching linked to treatment provided by healthcare professionals.

EMBRACING A FAITH-BASED APPROACH

Eastern Hills Church facilitates a Biblical 12-step program called **Re:Generation** for people struggling with addiction & other life-controlling problems including anxiety & depression, etc.

The **Bread of Life Church** established a program called **Ground Zero**. People with struggles can attend weekly Biblical teachings followed by fellowship & table discussions.

Embrace Recovery Buffalo also networks with many other strong community partners.

Your partnership will make a difference & give hope to hurting people, while providing compassionate care they deserve. It will help accomplish the mission of Embrace Recovery Buffalo.

A TIME TO EMBRACE

- **Educate** our current and future healthcare providers that are on the frontlines.
- **Equip** healthcare professionals and students on identifying and medically treating (Medication Assisted Treatment) addiction and other life-controlling problems.
- **Engage** in topical addiction teachings, mentoring, recovery awareness, and outreach to a variety of community connections including many that provide a Biblical faith-based approach.

**So if the Son sets you free,
You shall be free indeed.**

John 8:36

RECOVERY COACH TRAINING

Churches and community connections are training recovery coaches to volunteer at their church, local healthcare office, hospital, or community center. The coaches can offer free addiction recovery services to the Recovery Care Community as well as their own family and neighborhood.

The Connecticut Community for Addiction Recovery (CCAR) is a **NYS OASAS approved certificate course training** for recovery coaching & peer support. This training is available for those willing to volunteer and make a difference in the midst of the addiction crisis in the Buffalo & WNY area.
